

23 September 1965

SUBJECT: FH-7321 & FH-7322 - Microreproduction
of Engineering Data - []

25X1A

Dear Frank,

25X1A

Reference telephone conversation among []
[] concerning Aperture Cards. Sub-
ject contracts require 3 and 5 sets, respectively, of Type I,
Class I, microfilm to be delivered. Request the contractor be
advised that one set of microfilm only on each contract will be
required. Delivery should be made to the PSO.

25X1A

25X1A

In conversation with [] the SPO was advised
that no work has commenced on this task and by the deletion of
the quantities above, the subcontract task would be reduced by
approximately two weeks.

The reduction in cost should be considered at your earl-
iest convenience.

Best regards,

George
